Bartop

Counter Tops

Reception Desks

Specifications

High quality solid cast stone resin material.

All tops are 20mm thick plus edge detail.

Choice of edge profiles available.

Manufactured to clients specifications.

Bar tops can be made to template to suit your existing carcass allowing you to fit the bar tops on top of the existing tops, or in place of them when removed.

Finished with a protective polyester gel coat. High gloss finish.

Available in 90 colour options including true to life marble and granite's as well as high gloss sparkle options.

Matching and complimenting panels available from the same Versital range.

Features & Benefits

Ideal for bars, restaurants, hotels, leisure and public areas.

Versital is impervious to soaps, detergents and is hard wearing.

Hygienic and easy to clean.

Available oversized for cutting and scribing on site. Versital is cut using ordinary wood working tools.

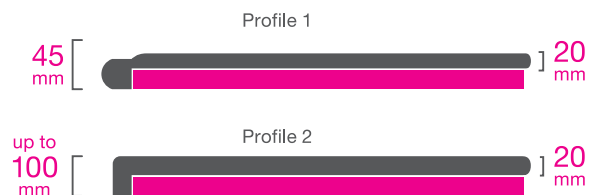

No need to template at the end of installation – order oversized and trim on site.

The gel coat finish is impervious to stains. Most other solid surface materials lack this protective layer (allowing stains to penetrate the surface).

Economies of scale available on bulk purchases.

Edge Profiles

Other edge details are available on request

Range/Sizes

Available in up to 3000mm lengths. Larger tops are available to be jointed on site.
