Multi-generational Bathroom with Easy Access Shower

Overview

Large family bathroom with the main feature being an easy access walk-in shower, complete with built in seat and discreet safety handles. The bathroom needed to be suitable for three generations to use, including two family members with disabilities, but it was important to the client that it also didn't look like a purely functional room.

Utilising Versital for a bespoke shower tray and shower panels, the designer was able to create a beautiful bathroom that was easy to use and access. Beautiful yet functional.

In depth

1 Large bespoke shower tray

Made to custom size and shape. Inset within the floor to create a flush fit for wheelchair access. Copper Sparkle finish 'Coco Loco' from the Reflect range.

2 Marble finish shower panel

Made to measure for easy installation. 'Botticino' marble from the Creams colour palette.

3 Seat

Created from top product with profile 1 edge detail, or 'Bullnose' edge. Also in 'Coco Loco'.

4 Dado finishing strips

Available in 3 metre lengths and range widths. Available in full range of colour options. 'Coco Loco' shown again.

Master En-suite in Grey Granite

Overview

Master en-suite granite style bathroom with large walk-in separate shower. Seamless and easy to clean shower area created using waterproof stone resin shower panels from Versital in ‘Gritstone’ - grey granite finish. Unlike real granite, Versital does not require treating, and is completely waterproof, non porous and extremely stain resistant.

No grout used at all with Versital panels for an easy to clean beautiful and seamless shower area. Panels can be ordered to custom sizes for easy installation. Bespoke shower tray used to create a large shower area. ‘Gritstone’ grey marbled granite finish used throughout.

Wow Factor with Dazzling Silver

Overview

Grey’s take on a new lease of life with these dazzling sparkling finishes from the ‘Reflect’ range in ‘Just Silver’ and ‘Noire Reflect’. High impact and high shine, the sparkle finishes give a fabulous depth of colour, with the glitter being built within the product and will not become less vibrant over time.

Panels are not just for showers. Here they are used throughout the bathroom, to surround walls, to clad the bath and as a sink splashback. As well as creating a striking look, they are also practical – easy to clean, waterproof and extremely stain resistant. They also don’t require grout.

Vanity top also in Versital in contrast to the silver panels – made to order to suit the client’s cabinet and cut on site using ordinary wood working tools.

Floor slabs finish the room in matching finish from Versital.

Space Maximizing Bathroom

Overview

This master bathroom makes the most of the available space with a large fully enclosed shower cubicle complete with two built in shower seats. A neutral modern colour palette in white marble ‘Arabesque’ and black sparkle ‘Noire Reflect’ keep the bathroom light and bright.

A bespoke shower tray has been used to add interest and also make the best use of the space, allowing seats to be built into the shower area. The shower has a mixture of black sparkle and white marble, with marble style panels used to fully enclose the shower. The seat tops match the shower tray, also in Versital.

The sink area includes a large vanity top and built in sink to match the rest of the bathroom, also in ‘Noire Reflect’.

In depth
