Versital is the **ideal material** for bar tops and countertops for both commercial and domestic buildings.

Specifications

- High quality solid cast stone resin material. Also known as cultured marble.
- Handmade to order in the UK.
- Tops are 20mm thick plus edge detail. Edge details are typically 40mm but can be specified deeper up to 200mm.
- Choice of edge profiles available. Please refer to technical diagrams.
- Manufactured to client's specifications.
- Bar tops can be made to template to suit your existing carcass, allowing you to fit the bar tops on top of the existing tops, or in place of them when removed.
- Finished with a protective polyester gel coat. High gloss finish.
- The protective gel coat offers a fully stain proof material as an ideal alternative to real marble.
- Available in over 90 colour options, including true to life marble and granite, as well as high gloss sparkle options and the exclusive metallic marbles.
- Matching and complementing panels available from the same Versital range.
